Robert Chambers
Chairman of the Authority

October 2002

Dear Mr Meah

I wanted to write to you to apologise most sincerely for the mix up over the letter of 4 September, 2002 that you sent to me. I did genuinely get confused about which letter it was and as I am sure you will appreciate in my position both as Chairman of the Authority and a District Councillor I receive a great many letters on a daily basis. Mr Hayton has made some enquiries on my behalf and it is clear that I should have acknowledged receipt of your letter and I do apologise for not doing so. I did, however, action the letter by sending it to Police Headquarters so that the necessary enquiries could be made. These in turn have taken longer than I would have liked but I hope Mr Hayton's letter has made the position clearer for you.

Yours sincerely

Robert Chambers
