Dear Clive,

I thank you for listening to me over the last few weeks, regarding my complaints regarding MR John Tucker who I understand is the Chairman of the Lawn Tennis Association, I have made you aware of all the stress + anxiety he has caused to my family + me, I have suffered a nervous breakdown, panic attacks + bouts of depression. Including a severe financial loss. In the early part of the year 2000, it is my firm belief that MR Tucker + members of his family conspired with the police by making malicious allegations against me and conspired to pervert the course

of Justice. At the same time knowing Stuart Tucker was facing a long prison sentence for the theft of stolen vehicles. Knowing full well of my innocence. Due to the allegations by the Tucker family + associates I spent 5 months in prison, held on remand. In Jan 2000 I was found not guilty by the court + eventually released. I have had in depth meeting at Brentwood Borough Council, with - Councillor Barry Aspinall, Councillor Roy Boggis, Leader of the Council Vicky Cook + Chief Executive Bob McKintock. They all totally endorse my action in writing to you, I firmly believe that he has bought the Lawn Tennis Association in to disrespect as Chairman. I also hold him  $\neq$  responsible to have caused a Breach of my Human Rights + my Civil Liberties as a member of the Ethnic Minority in this country.

P.S.

Yours Faithfully  
R Meah
